Allowable Subject Matter

Claims 1, 4-11, and 13-17 allowed.

The following is an examiner's statement of reasons for allowance:

The independent claim 1 recites, "an interface circuit for transmitting data from the memory to the signal conditioning components for separately conditioning the signals of the plurality of sense elements and to an external controller to perform mathematical corrections of the conditioned signals and for comparing the conditioned signals of the plurality of sense elements". This feature in combination with the remaining claimed structure avoids the prior art of record.

The reason for allowance of claims 9-11, and 13-17 are as stated in the office action dated 9-7-2005.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Stephen J. Cherry whose telephone number is (571) 272-2272. The examiner can normally be reached on M-F 8:00-4:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, John Barlow can be reached on (571) 272-2269. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
